## Air District issues a Spare the Air Alert for Tuesday and Wednesday

**SAN FRANCISCO** – The Bay Area Air Quality Management District is issuing a Spare the Air Alert for smog for Tuesday, September 3 through Wednesday, September 4.

Air quality is forecast to be unhealthy **tomorrow, Tuesday, September 3 through Wednesday, September 4**. High inland temperatures and light winds, combined with motor vehicle exhaust, will create elevated concentrations of ozone, or smog.

Spare the Air Alerts are issued when ozone pollution is forecast to reach unhealthy levels. Ozone can cause throat irritation, congestion and chest pain. It can trigger asthma, inflame the lining of the lungs and worsen bronchitis and emphysema. Long-term exposure can reduce lung function. Ozone pollution is particularly harmful for young children, seniors and those with respiratory and heart conditions. When a Spare the Air Alert is issued, outdoor exercise should be undertaken only in the early morning hours when ozone concentrations are lower.

To find out when a Spare the Air Alert is in effect, residents can register for email AirAlerts at [www.sparetheair.org](http://www.sparetheair.org), call 1(800) HELP-AIR, download the Spare the Air App or connect with Spare the Air on Facebook or Twitter.
